Lincoln Lawyer Mickey Haller is back on the job in this heart-stopping thriller from a renowned #1 New York Times bestselling author. “One of the finest legal thrillers of the last decade” —Associated Press On the night he celebrates a big win, defense attorney Mickey Haller is pulled over by police, who find the body of a former client in the trunk of his Lincoln. Haller is immediately charged with murder but can’t post the exorbitant \$5 million bail slapped on him by a vindictive judge. Mickey elects to represent himself and is forced to mount his defense from his jail cell in the Twin Towers Correctional Center in downtown Los Angeles. All the while he needs to look over his shoulder—as an officer of the court he is an instant target, and he makes few friends when he reveals a corruption plot within the jail. But the bigger plot is the one against him. Haller knows he’s been framed, whether by a new enemy or an old one. As his trusted team, including his half-brother, Harry Bosch, investigates, Haller must use all his skills in the courtroom to counter the damning evidence against him. Even if he can obtain a not-guilty verdict, Mickey understands that it won’t be enough. In order to be truly exonerated, he must find out who really committed the murder and why. That is the law of innocence. In his highest stakes case yet, the Lincoln Lawyer fights for his life and proves again why he is “a worthy colleague of Atticus Finch . . . in the front of the pack in the legal thriller game” (Los Angeles Times). 1918: The end of the war to end all wars. The end of an era for victors and vanquished alike. When Germany launched the Ludendorf Offensives—the most massive military bombardment of World War I—they seemed certain to win. But when American troops began arriving in droves, the Allies' certain defeat became a decisive victory. No Man's Land takes us into the trenches, behind enemy lines, into military strategy sessions and through the corridors of power in London, Paris, Berlin, and Washington in a brilliant account of one of the most fateful years in Western history. Drawing on new sources—diaries, memoirs, vivid personal experiences—here is a book that for sheer excitement, drama, vigor, and emotional impact rivals the greatest novels, history marvelously told by the incomparable John Toland. "A compelling human picture...a marvelous job by a master of the big-canvas history." Business Week

"Brief Description of Book: Audience: law school students; those studying for the bar exam. Formats: Print and eBook [for all books]"--

Very few in the history of the church have not struggled with the dogma of the Trinity. Those who have not dismissed it as incomprehensible gibberish have found it a battlefield for division and misunderstanding. Even Christians, who adhere to the faith of the Creeds, have often found such dogma difficult to grasp. Richard of Saint Victor, a twelfth-century Scottish monk and Prior in the Abbey of Saint Victor, is emblematic in this struggle: "I have often read that there is . . . [only] one God . . . I have also read . . . that he is one and triune . . . But I do not remember having read anything on the evidences for these assertions." Richard's theological response stems from a profoundly mystical life of prayer, which, in the Spirit, seeks to involve the mind, in continuation with the great Augustinian and Anselmian tradition. Ultimately, he presents a trinitarian model, intelligible to a Western context but which could also awake admiration from Greek theologians. Today Richard's dogmatics could represent a bridge for dialogue between different traditions. For the first time this theological masterpiece is being made available, unabridged, in English to allow a broader theological public to benefit from Richard's accomplishments. The translation offered here attempts to provide a clear and flowing text, while remaining as literally faithful as possible to the original Latin.
