LOS ANGELES – Life is a circle, the saying goes. A circle, a sphere, a cylinder, filled up day after day, year after year. So, on Sunday, the same night LeBron James ... it's hard to put ...

When life is hard, really hard, we often spend all our time pleading, begging, yelling, refusing, and questioning. While none of these things are necessarily unusual, they are missing the ultimate point. When life is hard, when things get ugly, when all hope seems to be lost... that is when we are able to display the superiority of the life lived in God. It is in those moments of despair, when we question what is happening, when we don't know what to do, when some trials never seem to end, that we can lean most heavily on God's promises and truths. Working his way through five questions we've all had run through our heads, trusted pastor James MacDonald helps us understand what we should do now. We begin the journey by looking at different types of "trials", figuring out exactly what we're dealing with, and recognizing that God certainly knows. Second, the obvious question: "Why?" God sees us going through trials and we long for two things: for them to be over and to know why they happened in the first place. Next, we need to know what to do with these trials when they come (and they will most certainly come). Fourth, we have all wondered it, can trials be refused? Are God's purposes really being fulfilled in the midst of this trying time? And lastly, God reveals Himself to us through these trials. . . and sometimes, they just don't ever end. Why doesn't this trial go away? God told us to expect trials--don't be surprised when they come. Find hope when they come.

Follow bestselling author, speaker, and pastor James MacDonald as he delivers the biblical hope of God's promises in the midst of life's storms. 2 Peter 1:3 refers to certain portions of God's Word as exceedingly great and precious promises. Great promises are ones that don't fall apart during difficult times; they reveal hope in the midst of the storm. Precious promises are ones that we find strong enough to hold us up and resilient enough to get us through. God's promises become exceedingly great and precious to us when nothing else will do. By way of digging into the theology of God's Promises, Pastor James uncovers 5 major categories of promise in the Bible and the 5 areas about which God repeatedly makes promises. From what to do with fear and doubt to God's goodness, help, and victory--the Bible has much to say about God's presence in our difficulty. Last year, Pastor James released *When Life is Hard* to point you toward hope in the midst of trials. Now, *Always True* will point you to God's promises, which are always true.

Widely hailed as one of the finest humorist of the twentieth century, James Thurber looks back at his own life growing up in Columbus, Ohio, with the same humor and sharp wit that defined his famous sketches and writings. In *My Life and Hard times*, first published in 1933, he recounts the delightful chaos and frustrations of family, boyhood, youth odd dogs, recalcitrant machinery, and the foibles of human nature.

Are you truly serious about allowing the power of God to transform your life? If you are, then prepare yourself for an incredible, life-changing experience. Change is difficult, but it's made even harder without practical guidance on how to do it. You will find that guidance in *Lord, Change Me Now*. James MacDonald is serious about the business of change according to God's Word. While many tell us that we should change and be more like Christ, MacDonald actually teaches us how to do it. *Lord, Change Me Now* is split into three sections as the model for approaching change: The Preparation for Change: choosing the right method and partnering with God to select the areas in need of change in your life. The Process of Change: exploring the biblical method of saying 'no' to sinful patterns and 'yes' to the things God desires for you. The Power to Change: explaining how to experience the power of God personally and continuously. This is a book about a different you. There are no warm fuzzies within these pages. Rather, MacDonald is a direct, to-the-point pastor with a heart for seeing lives completely transformed by the truth of the Gospel. If you're serious about changing your life, this book is just what you need.

Amends the doubts and misconceptions held by many regarding the infallibility, reliability, and historicity of the Bible as the inspired Word of God.

The former Director of National Intelligence speaks out in this New York Times bestseller When he stepped down in January 2017 as the fourth United States Director of National Intelligence, James Clapper had been President Obama's senior intelligence advisor for six and a half years, longer than his three predecessors combined. He led the US Intelligence Community through a period that included the raid on Osama bin Laden, the Benghazi attack, the leaks of Edward Snowden, and Russia's influence operation on the 2016 U.S election. In *Facts and Fears*, Clapper traces his career through the growing threat of cyberattacks, his relationships with Presidents and Congress, and the truth about Russia's role in the presidential election. He describes, in the wake of Snowden and WikiLeaks, his efforts to make intelligence more transparent and to push back against the suspicion that Americans' private lives are subject to surveillance. Finally, it was living through Russian interference in the 2016 presidential election and seeing how the foundations of American democracy were--and continue to be--undermined by a foreign power that led him to break with his instincts grown through more than five decades in the intelligence profession, to share his inside experience. Clapper considers such controversial questions as, is intelligence ethical? Is it moral to intercept communications or to photograph closed societies from orbit? What are the limits of what we should be allowed to do? What protections should we give to the private citizens of the world, not to mention our fellow Americans? Is there a time that intelligence officers can lose credibility as unbiased reporters of hard truths by asserting themselves into policy decisions? *Facts and Fears* offers a privileged look inside the United States intelligence community and addresses with the frankness and professionalism for which James Clapper is known some of the most difficult challenges in our nation's history.

Many people see their lives playing out like a movie they cannot control. They have come to feel like spectators watching a story unfold, unable to stop the stampeding consequences. They feel the die is cast, and nothing they do can alter the outcome. James MacDonald believes that is a lie. In *10 Choices* he says, while people are where they are in life because of the choices they've made, they don't have to stay there. This book is about getting beyond self-help and blame shifting and changing at the deepest and most profound level...the will. A person's will is what he uses to choose and act. This book helps readers to discover the heights to which their wills, truly surrendered to God, can actually soar and the "10 choices" that can take them there. This impactful book will prompt readers to make *10 Choices* that are sure to change their lives forever.

The #1 New York Times bestseller. Over 3 million copies sold! *Tiny Changes, Remarkable Results* No matter your goals, *Atomic Habits* offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: • make time for new habits (even when life gets crazy); • overcome a lack of motivation and willpower; • design your environment to make success easier; • get back on track when you fall off course; ...and much more. *Atomic Habits* will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

Do your Monday actions reflect your Sunday worship? How about your claims to faith? Is your life full of noticeable changes and actions? James, the half-brother of Jesus, wasn't impressed with talk. He knew that a life of faith was all about actions that revealed a difference in a person's life. For him, it was not that works save the Christian, but that they mark the Christian. In his letter, he boldly deals with practical issues of faith not bound by culture or place. He shows the importance of living a genuine life of faith. His message is bare-knuckled as he encourages, challenges, and confronts, offering practical words and admonitions to live out our faith. The *Life Lessons* with Max Lucado series brings the Bible to life in twelve lessons filled with intriguing questions, inspirational stories, and poignant reflections to take you deeper into God's Word. Each lesson includes an opening reflection, background information, an excerpt of the text (from the New International and New King James versions), exploration questions, inspirational thoughts from Max, and a closing takeaway for further reflection. The *Life Lessons* series is ideal for use in both a small-group setting or for individual study.

The genuine woman is a woman whose faith is true and manifested by the way she loves God and loves and cares for others; whose beauty comes from a gentle and humble spirit; and when trials and tribulations come her way, does not ask "Why God?" but rather "What, God, are you doing in my life?" The genuine woman seeks God's wisdom rather than wisdom from the world, and is set free from the bondage of her old way of doing life to walk in the newness of life that can only be found in a life lived for Jesus. Your study in the *Book of James* will give you practical advice for living out your faith journey to the glory of God in the face of pressures and difficulties that often come your way. While maturing in Christ requires you to grow in the knowledge of God's word, James tells us that growing in the Lord will only come when you apply what He is saying to you through His word. The world is watching to see the substance of your faith by the way you live out your faith and walk the talk each day. James show you how to do this in a genuine way.
