William Farrar Smith, known as 'Baldy' Smith, was a Union general in the American Civil War, notable for attracting the extremes of glory and blame. He was praised for his gallantry in the Seven Days Battles and the Battle of Antietam, but was demoted for insubordination after the disastrous defeat at the Battle of Fredericksburg. As chief engineer of the Army of the Cumberland, he achieved recognition by restoring a supply line that saved that army from starvation and surrender, known as the "C

Essays that treat the topic of slavery in many ways, especially finding validity for slavery as an abstract principle, both as instituted by the Bible and as a reflection of the authoritarian bases of religious and civil government. Smith argues for the fitness of the system to supply the needs and cater to the limited abilities of slaves, arguing against the idea of equal rights for unequal people. He refutes emancipation, warning that civil chaos would result, asserting that the slave system is beneficial for all Southerners and is related to the greater stability of the South versus the North. The last essay lays out the responsibilities of slave-owners to ask for reasonable work and to provide all the necessities of life to the slave.

His Roman-Catholic faith has been an enduring part of the life and personality of William Buckley, Jr. Now, for the first time since his ground breaking God and the Man at Yale he has written a book about faith--his own. Nearer, My God, An Autobiography of Faith is William Buckley's superbly written story of his life seen through his abiding love for the Catholic Church, a love instilled in him from childhood. He reminisces about his school days in England, his family, the affect the Lunn/Knox dialogue had on him, and examines many aspects of Catholicism and its theology, doctrine and liturgy and on the way discourses about Lourdes, the vernacular mass, the Church and the State, the Crucifixion, the priesthood, contraception as well as the many people who have assisted him on his life's journey. A remarkable, revealing book about one man and his faith.
