A revised and updated edition of the New York Times–bestselling classic on understanding body language from the author of Subtext. Body Language helps you to understand the unconscious body movements and postures that provide intimate keys to what a person is really thinking and the secrets of their true inner selves. You will learn how to read the angle of shoulders, the tilt of a head, or the tap of a foot, in order to discern whether an individual is angry, frightened, or cheerful. You will be able to use Body Language to discover the most—and least—important person in any group by the way others position themselves. The body is not able to lie, for it sends subtle signals to those who know how to read them. Body Language will even show you how to do it without others knowing you are observing them. Body Language was a huge best seller when first published and has remained in print ever since. It has been thoroughly updated and revised especially for this ebook edition.

This unique program teaches listeners how to "decode" and reply to non-verbal signals from friends and business associates when those signals are often vague and thus frequently ignored.

Available for the first time in the United States, this international bestseller reveals the secrets of nonverbal communication to give you confidence and control in any face-to-face encounter—from making a great first impression and acing a job interview to finding the right partner. It is a scientific fact that people 's gestures give away their true intentions. Yet most of us don 't know how to read body language—and don 't realize how our own physical movements speak to others. Now the world 's foremost experts on the subject share their techniques for reading body language signals to achieve success in every area of life. Drawing upon more than thirty years in the field, as well as cutting-edge research from evolutionary biology, psychology, and medical technologies that demonstrate what happens in the brain, the authors examine each component of body language and give you the basic vocabulary to read attitudes and emotions through behavior. Discover • How palms and handshakes are used to gain control • The most common gestures of liars • How the legs reveal what the mind wants to do • The most common male and female courtship gestures and signals • The secret signals of cigarettes, glasses, and makeup • The magic of smiles—including smiling advice for women • How to use nonverbal cues and signals to communicate more effectively and get the reactions you want Filled with fascinating insights, humorous observations, and simple strategies that you can apply to any situation, this intriguing book will enrich your communication with and understanding of others—as well as yourself.

Discusses the impact of body language in the workplace, explaining how to translate it as others present it and how to use it to convey a message of success
