"This book is a collection of knowledge on contemporary experiences on technological, societal and legal setups of e-Government implementation in emerging economies"--Provided by publisher.

This book constitutes the refereed

Get Free E Participation And The Rural Gateway

proceedings of the 8th IFIP WG 8.5 International Conference on Electronic Participation, ePart 2016, held in Guimarães, Portugal, in September 5-8, 2016. The 14 revised full papers presented were carefully reviewed and selected from 31 submissions. The papers reflect completed multi-

Get Free E Participation And The Rural Gateway

disciplinary research ranging from policy analysis and conceptual modeling to programming and visualization of simulation models. They are organized in four topical threads: theoretical foundations; critical reflections; implementations; policy formulation and modeling.

Get Free E Participation And The Rural Gateway

Electronic media and ICT have become indispensable in the fields of public governance, policy-making and public service provision. E-government research demonstrates its relevance to practice, influencing and shaping government strategies and

Get Free E Participation And The Rural Gateway

implementations. The way in which technology can enable and enhance public participation in government is of particular importance. This book presents the proceedings of the ongoing research of the IFIP EGOV and ePart conferences, jointly held at Trinity College Dublin, Ireland, in

Get Free E Participation And The Rural Gateway

September 2014. Included are 24 ongoing research papers, case studies and posters from the EGOV conference, grouped into the sections: stakeholders and participation; open data and interoperability; ICT-enabled policy-making; services; design, architecture and processes; and

Get Free E Participation And The Rural Gateway

evaluation and public values. From the ePart conference, 5 ongoing research papers are included. The book also includes workshops from both conferences. IFIP EGOV and ePart bring together the scientific research community in e-government from all over the world, and this book will be of

Get Free E Participation And The Rural Gateway

interest to all those involved in public governance and service provision.

Electronic government and electronic participation continue to transform the public sector and society worldwide and are constantly being transformed themselves by emerging information

Get Free E Participation And The Rural Gateway

and communication technologies. This book presents papers from the 14th International Federation for Information Processing's EGOV conference (IFIP EGOV 2015), and its sister conference, the 7th Electronic Participation (ePart) conference, held in Thessaloniki, Greece, in August and

Get Free E Participation And The Rural Gateway

September 2015 with the support and sponsorship of the University of Macedonia. Through the years, both of these conferences have established themselves as leading scientific events in their field, providing a forum for scholars to present and discuss their work. Included here are 31 accepted

Get Free E Participation And The Rural Gateway

ongoing research papers, grouped under the following headings: eParticipation; policy modeling; open government and smart cities; general e-government; and e-government services; as well as 6 Ph.D. colloquium papers, 5 accepted posters and 3 workshops. With their

Get Free E Participation And The Rural Gateway

combination of scientific credibility and rigor and with high relevance to practice, the papers presented here will be of interest to all those whose work involves electronic government and electronic participation.

New media forums have created a
