This resource provides an introduction to the entire Bible from Genesis to Revelation for those new to the Bible as well as for more seasoned Bible study participants. The 16-session overview provides a basic understanding of the key people, places, and events of the Bible in a story format. Participants are invited to explore how the greatest story connects with their stories.

Katie's Cabbage is the inspirational true story of how Katie Stagliano, a third grader from Summerville, South Carolina, grew a forty-pound cabbage in her backyard and donated it to help feed 275 people at a local soup kitchen. In her own words, Katie shares the story of the little cabbage seedling and the big ideas of generosity and service that motivated her to turn this experience into Katie's Krops, a national youth movement aimed at ending hunger one vegetable garden at a time. Katie's Cabbage reminds us of how small things can grow and thrive when nurtured with tender loving and care and of how one person, with the support of family, friends, and community, can help make a powerful difference in the lives of so many. Katie's Cabbage was illustrated by Karen Heid, associate professor of art education at the University of South Carolina School of Visual Art and Design. Editorial assistance was provided by Michelle H. Martin, a dedicated gardener and the Augusta Baker Chair in Childhood Literacy at the University of South Carolina School of Library and Information Science. Patricia Moore-Pastides, First Lady of the University of South Carolina and author of Greek Revival from the Garden: Growing and Cooking for Life, offers a foreword about her friendship with Katie and her admiration of Katie's dream to end hunger one garden at a time.

Insolent and defiant, the Chants de Maldoror, by the self-styled Comte de Lautréamont (1846-70), depicts a sinister and sadistic world of unrestrained savagery and brutality. One of the earliest and most astonishing examples of surrealist writing, it follows the experiences of Maldoror, a master of disguises pursued by the police as the incarnation of evil, as he makes his way through a nightmarish realm of angels and gravediggers, hermaphrodites and prostitutes, lunatics and strange children. Delirious, erotic, blasphemous and grandiose by turns, this hallucinatory novel captured the imagination of artists and writers as diverse as Modigliani, Verlaine, André Gide and André Breton; it was hailed by the twentieth-century Surrealist movement as a formative and revelatory masterpiece.

This widely adopted text explores key theories and models that frame reading instruction and research. Readers learn why theory matters in designing and implementing high-quality instruction and research; how to critically evaluate the assumptions and beliefs that guide their own work; and what can be gained by looking at reading through multiple theoretical lenses. For each theoretical model, classroom applications are brought to life with engaging vignettes and teacher reflections. Research applications are discussed and illustrated with descriptions of

exemplary studies. New to This Edition *Current developments in theory, research, and instructional practices. *Useful pedagogical features in every chapter: framing questions, discussion ideas, and learning activities. *Classroom applications give increased attention to English language learners and technology integration. *Coverage of additional theories (Third Space Theory) and theorists (Bakhtin and Bourdieu).
