This book sets out to answer a wide range of modelers' 'how-to' questions. It begins by showing all the things that

need to be done to build a first model. Paints, glues, knives and other basic tools are introduced. Then it moves on to the use of accessories - etched metal sets, turned metal gun barrels, and simple resin conversions. Here the more specialised tools, such as those made for work with etched

This book was originally published in 2013 under the title Discoveries in Bible Prophecy, with slight updates every couple of years. But with the latest discovery, the author has

decided to republish the book, because now there is significant evidence that there will in fact be TWO Raptures. One is just before the 7th Trumpet, and the second is before the 7th Bowl of Wrath, making the Raptures mid-trib and also pre-wrath. Fortner is not the first person to teach

two Raptures, but the details are different. This is a whole new interpretation of Bible prophecy. It shows the Four Horsemen of the Apocalypse have already ridden out during the past 2,000 years of wars, famine, and persecution. The author does not merely make that

assumption, he analyzes the text to show what the four horsemen are. We are now in the period of the global birth pains of the earth, and the Trumpet judgments are next. This book proves there will never be a world government ruled by a dictator, but there will be WW3. The author

discovered missiles and rockets described in detail, even the warhead, which is called a "head that kills" with fire, smoke, and sulfur. And contrary to popular teaching, America is in fact found in Bible prophecy, and is a major player, as you would expect. The visions of Daniel also have a new

interpretation. The passage in Daniel 9:27 that is supposed to refer to a 7-year peace treaty is being grossly misinterpreted. The original Protestant view of that verse is the correct view. Daniel's vision of the four beasts and the statue with ten toes both show that there will never be a world

government. Those passages are not being correctly interpreted. The Bible text never says that the ten toes will rule the world, but only the fourth beast from which the horns come. Likewise, it never says the ten toes will rule the world, but actually says they will break apart. The book also proves

that the Jews must convert before Christ will return. Yes, it is plainly stated in the Bible several times! Which makes one wonder how the opposite view could become a popular doctrine. Though this book was not written against the pre-tribulation Rapture, the correct interpretation of

Bible prophecy does prove the pre-tribulation Rapture theory is false, which is seen repeatedly throughout the book. The author even found the smoking gun that kills the pre-trib Rapture theory! He even presents a new interpretation of the two witnesses, using the Old Testament

the author shows that the symbolic meaning of the two witnesses is Christianity, which is why they cannot be killed until they have finished their testimony, which represents reaching all nations with the Gospel. They will be killed in a global terrorist attack organized by the beast and false
