Russia's brutal suppression of the Chechen revolts of the 1990s raised many questions about the nature of the Soviet Union's primary successor state. Both Russian presidents, Boris Yeltsin and Vladimir Putin, have justified their invasions of Chechnya as necessary to prevent a breakup of the Russian Federation.

The Chechen Wars: Will Russia Go the Way of the Soviet ...

The First Chechen War (Russian: ?????????? ?????????? ??????????), also known as the First Chechen Campaign (Russian: ?????????? ?????????? ??????????), or First Russian-Chechen war, was a rebellion by the Chechen Republic of Ichkeria against the Russian Federation, fought from December 1994 to August 1996.

The Chechen wars : will Russia go the way of the Soviet ...

In 1992, Chechen and Ingush leaders signed an agreement splitting the joint Chechen-Ingush republic in two, with Ingushetia joining the Russian Federation and Chechnya remaining independent. The debate over independence ultimately led to a small-scale civil war since 1992 , in which the Russians covertly tried to oust the government of Dzhokhar Dudayev .

Second Chechen War - Wikipedia

The Chechen-Russian conflict (Russian: ?????????? ??????????, Chechenskiy konflikt; Chechen: ?????????- ?????????? ???, Noxçiyn-Örsiyn dov) is the centuries-long conflict, often armed, between the Russian (formerly Soviet) government and various Chechen forces. Formal hostilities date back to 1785, though elements of the conflict can be traced back considerably further.

examines both Russian and rebel tactics and operations in those battles, focusing on how and why the combatants' approaches changed over time.

Russia's Chechen Wars 1994-2000: Lessons from Urban Combat ...

Despite claims by Russian military sources, armed resistance in Samashki was not of an organized nature, as the main Chechen rebel forces left the village following the Russian ultimatum by Generals Antonov, Kulikov and Romanov, ending on April 6, 1995, to hand over the 264 automatic weapons supposedly present in Samashki (the villagers had handed in 11 automatic weapons). Before the ultimatum, Samashki had already been under siege for a prolonged period of time, and several failed storming ...

Samashki massacre - Wikipedia

A historical overview of the first Chechen war, and the first couple of years of the second, with comparisons of the Chechen situation with that of other autonomous republics of the RF such as Tatarstan, and discussions of possible outcomes. This is a detailed and informative book on post-Soviet Chechnya.

The Chechen Wars: Will Russia Go the Way of the Soviet ...

On August 22, 1996, Russian Gen. Lebed and Chechen President Aslan Maskhadov, who replaced Dudayev following his assassination by Russian forces in April 1996, negotiated the Khasav-Yurt Accord, which stipulated that the Russian military should withdraw from the Chechen territory. However the terms of Chechen independence were not discussed.

Russia: Chechen war | Mass Atrocity Endings

Russian Colonel Sergey Kulikov, quoting Kennedy's 1962 West Point address, stated that "war with insurgents...is a war where victory is achieved by taxing and exhausting the forces of the opponent rather than by destroying him." [xvii] This has usually been the fleas' goal: to exhaust the soldiers and the will of the people in order to force the enemy to give-up and leave.

The Chechen Wars: Will Russia Go the Way of the Soviet ...

As the rural guerrilla war continues to simmer, the Chechen resistance has begun a bloody campaign in Russia's heartland. Continual bombings have struck terror in Moscow and other Russian cities as the Chechens target subways, concerts, commercial aircraft, theaters and, in September of 2004, the middle school in the town of Beslan, where hundreds of children and parents were killed.

The History Guy: The Second Chechen War

The war, also known as the First Chechen War, resulted in the unexpected victory of Chechen insurgents, who managed to defeat the better equipped Russians due to their skillful use of guerrilla tactics, clever use of geography and urban warfare, and deep understanding of Russia's political and military vulnerabilities.

Russia's Chechen Wars 1994-2000-Olga Oliker 2001-09-28 An examination of the difficulties faced by the Russian military in planning and carrying out urban operations in Chechnya. Russian and rebel military forces fought to control the Chechen city of Grozny in the winters of 1994-1995 and 1999-2000, as well as clashing in smaller towns and villages.

The Chechen Wars Will Russia Go The Way Of The Soviet ...

The following is an incomplete list of Russian aircraft losses in the Second Chechen War. It includes both helicopters and fixed-wing aircraft . The general Russian aircraft losses 1999-2007 consisted of about 45 helicopters (23 Mi-8 , 16 Mi-24 , three Mi-26 and three others [1]) and 8 fixed-wing aircraft (two Su-24 fighter-bombers and six Su-25 ground-attack aircraft).

Following the breakup of the Soviet Union, Boris Yeltsin improvised a system of "asymmetric federalism" to help maintain its successor state, the Russian Federation. However, when sparks of independence flared up in Chechnya, Yeltsin and, later, Vladimir Putin chose military action to deal with a "brushfire" that they feared would spread to other regions and eventually destroy the federation. Matthew Evangelista examines the causes of the Chechen Wars of 1994 and 1999 and challenges Moscow's claims that the Russian Federation was too fragile to withstand the potential loss of one rebellious republic. He suggests that the danger for Russia lies less in a Soviet-style disintegration than in a misguided attempt at authoritarian recentralization, something that would jeopardize Russia's fledgling democratic institutions. He also contends that well-documented acts of terrorism by some Chechen fighters should not serve as an excuse for Russia to commit war crimes and atrocities. Evangelista urges emerging democracies like Russia to deal with violent internal conflict and terrorism without

undermining the fundamental rights and freedoms of their citizens. He recommends that the United States and other democracies be more attentive to Moscow's violations of human rights and, in their own struggle against terrorism, provide a kind of role model.

An examination of the difficulties faced by the Russian military in planning and carrying out urban operations in Chechnya. Russian and rebel military forces fought to control the Chechen city of Grozny in the winters of 1994-1995 and 1999-2000, as well as clashing in smaller towns and villages. The author examines both Russian and rebel tactics and operations in those battles, focusing on how and why the combatants' approaches changed over time. The study concludes that while the Russian military was able to significantly improve its ability to carry out a number of key tasks in the five-year interval between the wars, other important missions--particularly in the urban realm--were ignored, largely in the belief that the urban mission could be avoided. This conscious decision not to prepare for a most stressful battlefield met with devastating results, a lesson the United States would be well served to study.

Terror in Chechnya is the definitive account of Russian war crimes in Chechnya. Emma Gilligan provides a comprehensive history of the second Chechen conflict of 1999 to 2005, revealing one of the most appalling human rights catastrophes of the modern era--one that has yet to be fully acknowledged by the international community. Drawing upon eyewitness testimony and interviews with refugees and key political and humanitarian figures, Gilligan tells for the first time the full story of the Russian military's systematic use of torture, disappearances, executions, and other punitive tactics against the Chechen population. In *Terror in Chechnya*, Gilligan challenges Russian claims that civilian casualties in Chechnya were an unavoidable consequence of civil war. She argues that racism and nationalism were substantial factors in Russia's second war against the Chechens and the resulting refugee crisis. She does not ignore the war crimes committed by Chechen separatists and pro-Moscow forces. Gilligan traces the radicalization of Chechen fighters and sheds light on the Dubrovka and Beslan hostage crises, demonstrating how they undermined the separatist movement and in turn contributed to racial hatred against Chechens in Moscow. A haunting testament of modern-day crimes against humanity, *Terror in Chechnya* also looks at the international response to the conflict, focusing on Europe's humanitarian and human rights efforts inside Chechnya.

A remarkable collection of essays, considering every angle of the Chechen conflict.

In 2013, the United States suffered its worst terrorist bombing since 9/11 at the annual running of the Boston Marathon. When the culprits turned out to be U.S. residents of Chechen descent, Americans were shocked and confused. Why would members of an obscure Russian minority group consider America their enemy? *Inferno in Chechnya* is the first book to answer this riddle by tracing the roots of the Boston attack to the Caucasus Mountains of southern Russia. Brian Glyn Williams describes the tragic history of the bombers' war-devastated homeland--including tsarist conquest and two bloody wars with post-Soviet Russia that would lead to the rise of Vladimir Putin--showing how the conflict there influenced the rise of Europe's deadliest homegrown terrorist network. He provides a historical account of the Chechens' terror campaign in Russia, documents their growing links to Al Qaeda and radical Islam, and describes the plight of the Chechen diaspora that ultimately sent two Chechens to Boston. *Inferno in Chechnya* delivers a fascinating and deeply tragic story that has much to say about the historical and ethnic roots of modern terrorism.

The Russia-Chechen wars have had an extraordinarily destructive impact on the communities and on the trajectories of personal lives in the North Caucasus Republic of Chechnya. This book presents in-depth analysis of the Chechen conflicts and their consequences on Chechen society. It discusses the nature of the violence, examines the dramatic changes which have taken place in society, in the economy and in religion, and surveys current developments, including how the conflict is being remembered and how Chechnya is reconstructed and governed.

A visceral and unflinching memoir of a young Russian soldier's experience in the Chechen wars. In 1995, Arkady Babchenko was an eighteen-year-old law student in Moscow when he was drafted into the Russian army and sent to Chechnya. It was the beginning of a torturous journey from naïve conscript to hardened soldier that took Babchenko from the front lines of the first Chechen War in 1995 to the second in 1999. He fought in major cities and tiny hamlets, from the bombed-out streets of Grozny to anonymous mountain villages. Babchenko takes the raw and mundane realities of war--the constant cold, hunger, exhaustion, filth, and terror--and twists it into compelling, haunting, and eerily elegant prose. Acclaimed by reviewers around the world, this is a devastating first-person account of war that brilliantly captures the fear, drudgery, chaos, and brutality of modern combat. An excerpt of *One Soldier's War* was hailed by Tibor Fisher in *The Guardian* as "right up there with Joseph Heller's *Catch-22* and Michael Herr's *Dispatches*." Mark Bowden, bestselling author of *Black Hawk Down*, hailed it as "hypnotic and terrifying"

and the book won Russia's inaugural Debut Prize, which recognizes authors who write despite, not because of, their life circumstances. "If you haven't yet learned that war is hell, this memoir by a young Russian recruit in his country's battle with the breakaway republic of Chechnya, should easily convince you." —Publishers Weekly

Recounts the story of the Chechens' struggle for independence and the Kremlin politics that precipitated it. The authors, both reporters on the scene during the war, trace the history of the conflict but focus on the military and political events of the war itself. They conclude with a discussion of the birth of an independent Chechnya. Several maps and a cast of characters are appended. Annotation copyrighted by Book News, Inc., Portland, OR
