Jim Willard, a homosexual, is haunted by the memory of a childhood friendship, and is unable to find happiness in casual affairs

A literary cause célèbre when first published more than fifty years ago, Gore Vidal's now-classic *The City and the Pillar* stands as a landmark novel of the gay experience. Jim, a handsome, all-American athlete, has always been shy around girls. But when he and his best friend, Bob, partake in "awful kid stuff," the experience forms Jim's ideal of spiritual completion. Defying his parents' expectations, Jim strikes out on his own, hoping to find Bob and rekindle their amorous friendship. Along the way he struggles with what he feels is his unique bond with Bob and with his persistent attraction to other men. Upon finally encountering Bob years later, the force of his hopes for a life together leads to a devastating climax. The first novel of its kind to appear on the American literary landscape, *The City and the Pillar* remains a forthright and uncompromising portrayal of sexual relationships between men.

Jim Willard, former high-school athlete and clean-cut boy-next-door-, is haunted by the memory of a romantic adolescent encounter with his friend Bob Ford. As Jim pursues his first love, in awe of the very same masculinity he possesses himself, his progress through the secret gay world of 1940's America unveils surreptitious Hollywood affairs, the hidden life of the military in the Second World War and the underworld bar culture of New York City. With the publication of his daring third novel *The City and the Pillar* in 1948, Gore Vidal shocked the American public, which has just begun to hail him as their newest and brightest young writer. It remains not only an authentic and profoundly important social document but also a serious exploration of the nature of idealistic love.

How Long Has This Been Going On? brings together a rich and varied cast of characters to tell the tale of modern gay America in this remarkable epic novel. Beginning in 1949 and moving to the present day,

Mordden puts a unique and innovating spin on modern history. An adventurous, adroit, and fascinating novel by one of the finest gay writers of our time.

ON THE EVE OF REVOLUTION, EGYPT IS A TINDERBOX. WILL ONE AMERICAN LIGHT THE SPARK THAT SETS IT ABLAZE? Gore Vidal was one of America's greatest and most controversial writers. The author of twenty-three novels, five plays, three memoirs, numerous screenplays and short stories, and well over two hundred essays, he received the National Book Award in 1993. In 1953, Vidal had already begun writing the works that would launch him to the top ranks of American authors and intellectuals. But in the wake of criticism for the scandalous content of his third novel, *The City and the Pillar*, Vidal turned to writing crime fiction under pseudonyms: three books as "Edgar Box" and one as "Cameron Kay." The Edgar Box novels were subsequently republished under his real name. The Cameron Kay never was. Lost for more than 60 years and overflowing with political and sexual intrigue, *Thieves Fall Out* provides a delicious glimpse into the mind of Gore Vidal in his formative years. By turns mischievous and deadly serious, Vidal tells the story of a man caught up in events bigger than he is, a down-on-his-luck American hired to smuggle an ancient relic out of Cairo at a time when revolution is brewing and heads are about to roll. One part Casablanca and one part torn-from-the-headlines tabloid reportage, this novel also offers a startling glimpse of Egypt in turmoil -- written over half a century ago, but as current as the news streaming from the streets of Cairo today.

The author's early novel about homosexual life and the immersion of a regular American man in the gay subculture of New York and California is accompanied by seven early stories written during the 1950s

Explores the characteristics and emotions of the crew and passengers on a freight steamer imperiled by a violent storm in Aleutian waters

Once again the incomparable Gore Vidal interprets and animates history -- this time in a panoramic tour of the 5th century B.C. -- and embellishes it with his own ironic humor, brilliant insights, and piercing observations. We meet a vast array of historical figures in a staggering novel of love, war, philosophy, and adventure . . . "There isn't a page of CREATION that doesn't inform and very few pages that do not delight." -- John Leonard, *The New York Times*
