The 6th Edition of TODAY'S TECHNICIAN: AUTOMOTIVE BRAKE SYSTEMS is a comprehensive text that equips readers to confidently understand, diagnose, and repair today's brake systems. Using a unique two-volume approach, the first volume (Classroom Manual) details the theory and application of the total brake system, subsystem, and components, while the second (Shop Manual) covers real-world symptoms, diagnostics, and repair information. Known for its comprehensive coverage, accurate and up-to-date details, and abundant illustrations, the text is an ideal resource to prepare for success as an automotive technician or pursue ASE certification. Now updated with extensive information on new and emerging technology and techniques—including hybrid vehicles, brake by wire, and electric brakes—the Sixth Edition also aligns with the NATEF 2012 accreditation model, including job sheets correlated to specific AST and MAST tasks. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

As vehicles have evolved they have become more and more connected. The newer systems have more electronics and communicate with the outside world than ever before. This is the first real owner's manual. This guide will teach you how to analyze a modern vehicle to determine security weaknesses. Learn how to verify vehicle security systems, how they work and interact, and how to exploit their faults. This manual takes principles used in modern day internet security and applies them to the vehicles that are on our roads today.

The Light Vehicle Tasksheet Manual for NATEF Proficiency, 2013 NATEF Edition is designed to guide students through the tasks necessary to meet National Automotive Technicians Education Foundation (NATEF) requirements for Automotive Service Excellence (ASE) certification. Based on the new 2012 NATEF Automobile Accreditation Task Lists, the Second Edition identifies the level of training (Maintenance & Light Repair (MLR), Auto Service Technology (AST), and Master Auto Service Technology (MAST)) required to complete each task. This manual will assist students in demonstrating hands-on performance and proficiency in fundamentals, diagnosis, service, and repair of cars and light trucks. It can also serve as a personal portfolio of documented experience for prospective employment. Light Vehicle Tasksheet Manual for NATEF
